

**THE ARCHITECTURE FOR MARITIME SAFETY AND
SECURITY IN THE GULF OF GUINEA
WINDHOEK, NAMIBIA 14 MAY 2019**

- *17 Coastal States
- *2 Island States
- *7 Land-locked States

CONTEXT AND CHALLENGES

- Over 6000 km of coastline
- 3 vast geographic, political and economic regions: ECOWAS, ECCAS, GGC.
- Popn: more than 500 million people
- Great socio-cultural and religious diversity
- 7 political capitals, 8 economic capitals on the coast
- 12 major ports
- Many maritime borders subject to disputes
- One of the busiest maritime sea routes in the world
- Key Strategic area of importance for external powers seeking energy security

CONTEXT AND CHALLENGES

In view of the transnational safety and security threats mentioned, how the architecture could help address them in the Gulf of Guinea.
